

## 1. PROGRAM

### THURSDAY, 17 SEPTEMBER, 4-9 PM (CEST)

#### WELCOME

4:00 pm Michael **Baumann**, *German Cancer Research Center*  
Franz **Kohlhuber**, *German Cancer Aid*

#### 4:15 pm Greetings of the German Ministries

Thomas **Rachel**, *Federal Ministry of Research and Education*  
Sabine **Weiss**, *Federal Ministry of Health*

#### INTRODUCTION

Chair: Michael Baumann

#### 4:30 pm INTRODUCTORY LECTURE

**Elisabete Weiderpass**, *International Agency for Research on Cancer*  
Global cancer burden and research priorities for cancer prevention

5:00 pm Short break (20 min)

#### PRIMARY CANCER PREVENTION

##### Research in risk factors aiming for practical interventions

Chairs: Rudolf Kaaks and Thomas Seufferlein

#### 5:20 pm KEYNOTE

C. Richard **Boland**, *University of California San Diego*  
Genetic mechanisms involved in colorectal tumor formation and the implications for prevention

5:45 pm Tilman **Kühn**, *Queen's University Belfast*  
Obesity and cancer: From mechanisms and associations to prevention

6:00 pm Silvia **de Sanjose**, *National Cancer Institute (consultant), PATH*  
Steps towards the control of cervical cancer in low resource settings

6:15 pm Rebecca **Fitzgerald**, *University of Cambridge*  
Primary prevention of upper GI cancer

6:30 pm Olivera J. **Finn**, *University of Pittsburgh*  
Vaccines for the prevention of colon and other non-viral cancers

6:45 pm POSTERSESSION I (40 min)

## SECONDARY CANCER PREVENTION

### Prostate and Breast Cancer Screening

Chairs: Sebastian Bickelhaupt and Peter Albers

7:25 pm

#### KEYNOTE

Monique J. **Roobol**, *Erasmus University Medical Center*

**Prostate Cancer Screening – present and future perspectives**

7:50 pm

Heinz-Peter **Schlemmer**, *German Cancer Research Center*

**Emerging imaging methods for early detection of breast and prostate cancer**

8:05 pm

Minetta **Liu**, *Mayo Clinic Rochester*

**Novel molecular markers for early cancer detection**

8:20 pm

Rita **Schmutzler**, *University Hospital Cologne*

**Challenges for increasingly personalized breast cancer screening and risk assessment**

## FRIDAY, 18 SEPTEMBER, 4-9 PM (CEST)

## PRIMARY CANCER PREVENTION

### Cancer Prevention in Europe

Chairs: Jérôme Foucaud and Ute Mons

4:00 pm

#### KEYNOTE

Joachim **Schüz**, *International Agency for Research in Cancer*

**The European Code against cancer**

4:25 pm

Isabelle **Soerjomataram**, *International Agency for Research on Cancer*

**Large burden of cancer in Europe can be averted through primary prevention**

4:40 pm

Alison **Cox**, *Cancer Research UK*

**Role of Health Policy in Cancer Prevention**

4:55 pm

Short Break (20 min)

## SECONDARY CANCER PREVENTION

### Precision Prevention

Chairs: Ulrike Haug & Ulrike Peters

5:15 pm

#### KEYNOTE

Hormuzd **Katki**, *National Cancer Institute*

**Risk Stratification in Lung Cancer Screening**

5:40 pm Beatriz **Carvalho**, *Netherlands Cancer Institute*  
**Molecular risk classification of adenomas: Current knowledge and future potential in colorectal cancer early detection**

5:55 pm Suzette **Delaloge**, *Gustave Roussy, MyPeBS*  
**Risk-stratified screening approaches for breast cancer – update from the personalized breast screening MyPeBS**

6:05 pm Peter **Albers**, *University Hospital Düsseldorf*  
**Update and future perspectives on PROBASE and PRIMA, prostate cancer screening and early detection in prostate cancer**

6.20 pm **POSTERSESSION II** (45 min)

### **TERTIARY CANCER PREVENTION**

#### **Improving life with and after cancer**

Chairs: Karen Steindorf & Hermann Brenner

7:05 pm **KEYNOTE**

Jeffrey **Meyerhardt**, *Dana-Farber Cancer Institute*  
**The potential of tertiary prevention: the example of colorectal cancer**

7:30 pm Lonneke **van de Poll-Franse**, *Netherlands Cancer Institute*  
**How to improve patient-centeredness of cancer care?**

7:45 pm Julianne **Bower**, *University of California Los Angeles*  
**Biological mechanisms of cancer-related fatigue**

8:00 pm Ben **Schöttker**, *German Cancer Research Center*  
**Role of co-medication in tertiary cancer prevention**

8:15 pm Short Break (20 min)

### **PERSPECTIVES**

Chair: Ernest Hawk

8:35 pm **PERSPECTIVES LECTURE**

Timothy **Rebbeck**, *Dana-Farber Cancer Institute*  
**Cancer prevention and early detection in the precision medicine era**

### **CLOSING REMARKS**

9:05 pm Michael **Baumann**, *German Cancer Research Center*
